

# Energiewandler-Puzzle

- Schau dir die Tabelle genau an: „zugeführte / abgegebene Energieform“.
- Schneide die Energiewandler aus, die unten abgebildet sind.
- Lege die Energiewandler in die Tabelle, passend zu ihren Energieformen.

abgegebene Energieform / zugeführte Energieform	elektrische Energie	Bewegungsenergie	chemische Energie	Lichtenergie	Wärme, innere Energie
elektrische Energie					
Bewegungsenergie					
chemische Energie					
Lichtenergie					
Wärme, innere Energie					

 glühender Draht (Glühlampe)	 Verdauung	 Getriebe	 Campingkocher	 Tauchsieder
 Knicklicht chemisches Licht	 Sonnenkollektor (Warmwasser)	 Leuchtdiode	 Akku wird geladen	 Muskularbeit
 Transformator	 Fahrraddynamo	 Lichtmühle	 Spiegel	 Photosynthese
 Ventilator	 Batterie im Stromkreis	 Solarzelle	 Holzbohrer	 Dampflok
	 Heizkörper		 Thermoelement
